

Spring Run At The Brooks, Bonita Springs Florida

Spring Run At The Brooks at a glance...

- Community Golf Course
- Tennis Courts
- Community Pool and Club House
- Fitness Center
- Gated community

Spring Run At The Brooks in Bonita Springs Florida is a 300-acre community and is one of three within a 2,492-acre master-planned development.

Part of The Brooks community Spring Run is close to Coconut Point Mall, Southwest Florida Airport, fine dining and our beautiful sandy beaches.

Pulte Home Corporation, America's largest residential homebuilder, and The Bonita Bay Group have joined forces to create one of the best values in Southwest Florida.

Renowned golf course architect Gordon Lewis designed a championship par-72, 18-hole layout with five sets of tees to challenge every level. Full golf and country club membership is included with home purchase.

Residents will enjoy a variety of social, cultural and educational offerings. The community's centerpiece is a traditional town center called The Commons. This pedestrian-friendly village is an elegant, Mediterranean-style 11,700-square-foot clubhouse with sports bar and includes a health and fitness center, private waterfront restaurant, specialty shops and services and a village green with picnic pavilions, gazebo, heated pool and locker rooms. A large heated swimming pool and four tennis courts also are included.

The Commons has been designed to accommodate outdoor mini-concerts as well as special holiday events. Spring Run At The Brooks amenities include a private beach club with beach access, located on the Gulf of Mexico and offers The Commons Club Gold members the perfect place to enjoy sun, sand, and sea.
